Thinking of coming back to education?

If so, this **Back to Education Brochure** details the part-time courses for adults in Limerick City in 2015/16.

Whether you want to improve your basic skills, go on to further learning, or return to work, take a look at our courses, complete our **Application Form**, or talk to us about the best starting point for you.

Our courses are offered at different levels depending on your interest:

- At **Level 3** the focus is on building your confidence and developing your basic, but essential skills for life
- At **Level 4 and 5** the focus is more on work, employability or preparing you to progress into further learning

Take the First Step...

Do you need help with:

- Reading
- Writing
- Maths
- Working with Numbers
- Basic Computer Skills
- The English Language

I never really liked maths...
Now I love to help!

If you would like to improve your basic skills then one of our courses below might work for you:

1. **Essential Skills**
Improve your reading, writing, maths or IT skills
2. **Essential Skills One-to-One**
If you need support from a trained tutor on a one to one basis
3. **Basic Computers and Technology** – if you have little or no IT skills but would like to learn to use computers

Forms used to frighten me...

Not any more!

**Why not call in for a chat
about the course for you?**

Call Eithne, Lorraine or Colin on:

For entry you need:

- Junior Cert or QQI Level 4 or equivalent
- Garda Clearance
- Keen interest in work in Youth & Community work area

Progression:

Opportunities for employment in Youth & Community or further learning at Level 5, 6 or 7

Useful Information

If you are returning to learning, there is nothing to worry about! Tutors are very helpful and understanding and you will get to know others in your course from the first day. We give time to focus on you, your expectations and plans, and how to get the most from your learning.

Some people worry about Maths or Computers, but Maths is taught in a very practical way and basic computing courses are given to anyone who wants them. You may also use computers on a drop in basis at our centre in O'Connell Ave if you wish to practise or complete work.

***Courses are always free if you:**

- Are on any of our Essential Skills Programmes

or

- Have not completed your Leaving Certificate, are a Social Welfare Recipients (or their dependant) or are a medical card holder.

Otherwise, fees can apply.

You can be on our part-time courses for up to 17 hours per week, without affecting your Social Welfare payments. However, you must tell Social Welfare you are on a course when you are offered a place.

Almost all courses in this brochure are certified and lead to an award with Quality and Qualifications Ireland (QQI).

The time needed to complete an award can vary, but we explain all that when you apply to us. Some courses are run at evening time as well as daytime, where there is a demand.

Courses will run in the LCAES building on O'Connell

Avenue and in a number of community locations across the City. We work with the Limerick Community Education Network (LCEN), a network of various communities across Limerick City.

If you have mobility issues you can discuss this with an LCAES staff member or personnel at a local venue when you apply for a course.

What happens next?

1. **Complete the Application Form** in this brochure or online at www.lcaes.ie/bte
2. Submit your application to us.
3. You will be contacted and invited to attend **Introductory Workshops** (in June, July or September 2015).
4. We will work with you to help you choose the course and level that is right for you.
5. We will offer you a place, give you a start date, venue, class time etc. (if there are sufficient numbers).

If you have questions about your application, you can phone or call to see us at the address or phone number below.

Now you're ready to go...
